Comments - home page/ about page

tony burtt   Jan 27 2020:

all pages will have a header and footer that will be generic across all pages and include links to the other pages. The color will match the link http://e.g. blue audio tab will lead to a blue headed audio page. the footer will include some information and the social media links. the home page and about page will be similar in lay out and the only difference from a users perspective would be the content in the section.

Comments - contact/ booking

tony burtt   Jan 27 2020:

the page will also include a header and footer as the other pages have however the main section of the page will include information about the page and then a way for the user to book the band which was a requirement in the brief. there will be a button for the user to submit their booking/ request a a booking appointment.
